Due to COVID we are unable to open up the Dementia cafe in person so we are going online using Microsoft teams. This is currently the safest way we can bring people with dementia and/or their family carers together.

Come and join Our Admiral Nurse, Dementia Support Advisors and Manchester Carers Forum for a virtual cuppa and chat.

This is a 'safe' place bringing people with dementia and their family carers together in the community. Here you can come and get support and meet other people in the same situation as you. It's a place to make new friendships.

We will need your email address to send you the joining instructions needed to take part. If you need help in using Microsoft Teams and logging in please ask us, a tech savvy relative or friend.

If you want to join us please ring on 219 2336 and ask for Teresa, Gill or Pam or contact us via teresa.czajka@gmmh.nhs.uk.
